SUMMARY

I am a web developer who has passion to create engaging and user-friendly web applications that solve real-world problems. I am a BE IT Second year Student at Pune University, where I am learning and applying various technologies and web development skills. Learning new technologies and frameworks, such as Node.js, MongoDB, and Bootstrap I am always eager to learn new technologies and frameworks, and to improve my skills. I am looking for opportunities to work on challenging and exciting projects, where I can apply my knowledge and creativity, and contribute to the success of the team and the organization.
